From the Prime Minister's Press Office

25 July 2006

Dear Hugo,

On behalf of No10, and all who attended the summer party last Wednesday, I am writing to thank you very much indeed for making it such a success.

I was completely amazed at the hard work, imagination, and generosity that had gone in behind the scenes to make the evening so special. We had so many lovely comments throughout the night and all the next day about what fun everyone had had, how much they had enjoyed the delicious food, the music, the beautiful tent, the massages and, the fabulous bars (and ice camel!), and the lovely relaxed air that you brilliantly created on such a sunny day. The feedback we had was that there was something for everyone to enjoy, and the Prime Minister told me the next morning how much he had enjoyed the evening.

I do hope that you had as much fun being here as we did, and I thank you again for making it such a fantastic, memorable party.

With my best wishes,

CLAIRE PEVERARO
